Disturbed: Another Way to Die

<http://www.youtube.com/watch?v=HwELajFteTo>

Video with lyrics

<p><u>Song Lyrics:</u></p> <p>The indulgence of our lives Has cast a shadow on our world. Our devotion to our appetites Betrayed us all.</p> <p>An apocalyptic plight. More destruction will unfold. Mother Earth will show her darker side And take her toll.</p> <p>It's just another way to die. There can be another reason why. You know we should have seen it coming. Consequences we cannot deny will be revealed in time.</p> <p>Glaciers melt as we pollute the sky. A sign of devastation coming. We don't need another way to die. Can we repent in time?</p> <p>The Time bomb is ticking and no one is listening. Our future is fading. Is there any hope we'll survive?</p> <p>Still, we ravage the world that we love. And the millions cry out to be saved. Our endless maniacal appetite. Left us with another way to die. It's just another way to die.</p>	<p>Can we repent in time?</p> <p>Greed and hunger led to our demise. A path I can't believe we followed. Black agenda's rooted in a lie. Will we repent in time?</p> <p>Species fall before our very eyes. A world that they cannot survive in Left them with another way to die. Are we dead inside?</p> <p>The time bomb is ticking and no one is listening. Our future is fading. Is there any hope we'll survive?</p> <p>Still, we ravage the world that we love. And the millions cry out to be saved. Our endless maniacal appetite. Left us with another way to die. It's just another way to die.</p> <p>Still, we ravage the world that we love. And the millions cry out to be saved. Our endless maniacal appetite. Left us with another way to die. It's just another way to die. ooh can we repent in time? It's just another way to die. ooh can we repent in time?</p>

Imagery From Disturbed Video:

Air Pollution
Cars/Population
Construction/Urban Sprawl
Deforestation
E-Waste
Extinction
Farming/Agriculture
Fires (Slash and Burn)
Fishing/Ecosystem Damage
Food Processing
Gasoline Usage
Gasoline/Oil Consumption
Hurricane Damage
“Keepers of the Resources”
Lack of Clean Water- Environment
Lack of Clean Water- Human Usage
Lack of Food- Humans/Animals
Melting Glaciers/Global Warming
Mining
Oil Pollution
Oil Rigs/Drilling
Oil Usage
Overcrowding/Poverty
Power Plant- Energy Consumption
Recycling
Resource Management
Shopping/Consumerism
Soil Pollution
Storms- Global Warming
Trash (Waste Management)
Water Bottling/Plastics
Water Conservation
Water Pollution
Water Rationing
Water Shortages
Water Usage
